

## The Roof of America

Our expedition to Mount Aconcagua encompasses two iconic peaks of the Andes: Mount Aconcagua and Mount Vallecitos. We begin our acclimatization in one of the most beautiful places in Argentina, the Cordón del Plata Park, before heading to Aconcagua Park to aim for the summit of America.

Beyond the expedition itself, we also value the special moments shared on the mountain. We will stay at our own refuge in Vallecitos, where barbecues and guitar sessions will be plentiful.

Another fundamental aspect for us is reaching the summit. We will put all our effort into helping you make your dreams come true, always prioritizing safety.
